Frank Haley Challenges Lehman

Having read the announcement of Henry G. Lehman asking the people to re-elect him again to the House of Representatives in this week's issue of the Rockdale Reporter, I note he goes into great detail to tell the people what he has done as their representative, but I also noted he OMITTED all the things that he did not do. I would like to refer to a few of his comments and a few of my own.

In the third paragraph of his lengthy statement, he speaks of his long term of service in this office. We all know he has held this office too long. We also know it takes new blood and new life to keep new ideas flowing, also that after a Representative has been in office too long he loses contact with the people he should represent.

In paragraph four he tells you of the increase in the amount of dollars in old age pensions but he does not mention the increase in relation to what he proposes to do about the 35 million dollars ceiling that the special interests put on pensions for our aged people and for which he voted. Everyone knows and certainly Mr. Lehman should know that no aged citizen will ever get their pension check raised to where it justly should be until we have abolished that ceiling. We can pay our aged people what they are entitled to without increasing taxes one cent and I propose that it shall be done.

In paragraph six he goes into the rural aid school program. Here again is the same weak talk and weaker reasoning. What has happened to our rural schools is a reflection on Mr. Lehman's record in the House. Recent disclosures on this matter through the public press certainly tell us in plain language just how inadequate was the provision made by the last legislature of which Mr. Lehman was a member. It will now be necessary in the next session of the legislature to pass emergency legislation to make up for the short comings of the last session if our

GARVIS O. HARRIS

Garvis O. Harris, F. I. C., formerly of Marlin and Baytown has been appointed district manager for the Woodmen of the World Life Insurance Society at Cameron. Roy W. Martin, State manager has announced. Mr. Harris will supervise field work for the Society in Milam, Lee and Burleson Counties.

Mr. Harris became a part time field man for the Woodmen Society at Baytown in 1944, where he was employed by Humble Refining Company following his discharge from the navy. He served in the South Pacific during the war as a Boatswain mate 2nd class, aboard a destroyer escort.

Long actively interested in the Woodmen Society as a member of the degree team of Camp No. 1, Dallas, he decided to make its field work his career. He was promoted to a full time representative last July and received his training in the Marlin area under District Manager John L. Herndon, Jr., and there qualified as a Fraternal Insurance Counselor.

Mr. Harris was married in 1945 and he and Mrs. Harris are the parents of two boys, both enrolled as Junior Woodmen. His office is at 110 West Third St., Cameron.

STRENGTH REFLECTED IN STATEMENTS HERE

Cameron bank resources totaled $7,685,764 it was discolsed here Thursday in statements issued upon call of the Comptroller of the Currency.

The strength of Cameron banks is also reflected in the deposits which total almost as much as resources. Total deposits were $7,239,493.

There has been a slight decline in both deposits and resources from the December statement due to recurrence of income tax payments and other natural requirements of depositors.

Oxsheer Smith, President of the Citizens National Bank, gave some information which few realize. He said that Cameron alone pays around 700 thousand dollars a year in federal income taxes and that the total for the county might run well over a million.

The decrease trend in both resources and deposits is noted in statements from other centers of finance also.

6 BILLS INDICTMENT RETURNED BY JURY

Six bills of indictment have been returned by the Grand Jury but only one arrest had been made up to Wednesday.

List of the indictments was given The Herald by Grady Allen, District Clerk.

The indictments are all of the grade of felony: Leroy J. Lawrence is charged in two cases, one with passing as true a forged instrument and the other forgery.

One case in which no arrest had been made was for assault with a prohibited weapon. The others are for forgery by altering a genuine instrument, passing as true and forged instrument and swindling with a worthless check.

It is sometimes difficult to get all the facts in such cases but they will be published eventually.

One More Enrolls For Reward Funds

Almost daily the list of those who want to see the law enforced in a vigorous way against those who violate the game laws, increases by one or two.

W. F. Vogelsang who operates one of the largest poultry processing enterprises here and who produces a large number of turkeys from the incubator batteries at his farm, is the latest one to get on the list. Mr. Vogelsang wants to give $5.00 in case other cases arise and a reward is necessary.

Mr. Vogelsang feels that the recent poisoning of fish is an inexcusable offense and one of the worst that can be commited since fishing opportunities for all the people are so limited.

Burned Car Is Found On Bear Creek Road

A 1937 Ford car with a 1947 license plate was found burned late Thursday on the Bear Creek Road southwest of Cameron.

So far the owner of the car has not been located. It was believed by officers the car was abandoned on the road and may have been set on fire.

The car was damaged beyond repair.

DRAFT BILL HITS CONGRESS

REUTHER IS SHOT IN DETROIT HOME

BEN ARNOLD STUDENTS ARE HERE

MEN 19 TO 25 WILL BE CALLED UP SOON

WASHINGTON, April 20—A bill to draft men 19 through 25 was introduced today by Rep. Andrews (R-NY), chairman of the house armed services committee. The measure is the first to reach either house or senate since President Truman asked for temporary selective service and universal military training as part of the preparedness program.

Andrews bill would:

Call on all men from 19 through 30 to register for the draft.

Make men 19 through 25 eligible for actual service.

Set a ceiling of 2,006,000 men for all armed forces, 621,500 more than the present strength. Proposed ceilings for each service. Army 837,000; navy 556,000; marine corps, 111,000; air force 502,000.

Drafting of men would start 90 days after the president signed it into law.

The bill differs slightly from the one being studied by the house armed services committee, of which Andrews is chairman.

The new bill eliminates a provision to grant full benefits of the GI bill of rights to men in the new draft.

It also "freezes" all reserves. This means that no man of draft age will be allowed to join any reserve unit after the law is in effect. The senate has not drawn up a draft bill, but it is studying one

FIRST SHCOOL PICNIC OF SEASON IN CITY

Cameron was host to-day to students and teachers from the Ben Arnold schools.

It was the first picnic of the season under the recently announced program of the Chamber of Commerce to entertain these students and others who are planning their annual spring outings.

The students and teachers from Ben Arnold were to hold their picnic in Wilson-Ledbetter Park and they were to have ice water free, furnished by the Chamber of Commerce and other arrangements had been made to make their picnic a success.

Later in the day the students and teachers were to be taken on a tour of the city and to be shown its places of interest along with a number of local industries in operation.

L. G. Smith, manager of the Chamber of Commerce and E. C. Cole, agent for the T&NO Railroad Company, were to escort the children and their teachers over the city with buses made available by the Chamber of Commerce.

All tours will originate and end at the offices of the Chamber of Commerce in the Henderson building on East First Street.

Playing host to students and their teachers from various schools over the territory, is a major public relations program of the Chamber of Commerce this year. It was the first such event and all Cameron was happy to be host to these fine students and their teachers. Names of both students and teachers are being printed in another column of this edition.

BASIL MCGREGOR ISSUES CALL FOR MAY FOURTH

Republicans in Milam county will hold their convention on Tuesday, May 4th in the residence of Basil McGregor in Milano.

Mr. McGregor is county chairman for the Republicans. The county convention of the party will name delegates to the State Republican Convention.

The call for the convention is signed by three Precinct Chairman as follows: Hazel B. Thomas of Gause; Grover H. Albert of Burlington and Asa McGregor of Milano.

The convention in Milano on May 4 will name a slate of delegates and alternate delegates to the state Republican Convention to be held in Corpus Christi on May 25. The county convention in Milano will be held at 1 p. m.

Mr. McGregor also issues instructions for the holding of Precinct Conventions over the county on Saturday, May 1

Dates for the Republican conventions are the same as those of the Democrats and on May 1 precinct conventions will be held to name delegates to the county convention.

Escaped Convicts Suspected Stealing Car in Cameron

Three convicts who escaped from Central State Prison Farm early Monday are suspected of stealing a car in Cameron Tuesday night.

A Ford coupe belonging to Mrs. Mary Green was stolen from her residence Tuesday night. The license number of the car is JL 7529. A 1941 black Ford sedan was left in front of the Green home.

Sheriff Carl C. Black said he believed at least one of the convicts was implicated in the theft of the car here. The abandoned car belongs to Jimmie Daniels and was stolen in East Benard.

Sheriff Black said that one of the convicts a Mexican and a negro woman stole the car in East Benard and he thinks they took Mrs. Green's car here.

AUTO WORKERS HEAD SERIOUSLY INJURED

Walter Reuther, head of the United Automobile Workers Union, was shot and seriously wounded in his home in Detroit, Michigan, late Tuesday night.

Taken to a hospital he was given a transfusion and it was said early Wednesday that an operation might be necessary to prevent the loss of an arm.

Reuther and his wife were in the kitchen of their home and the would be assassin fired through a window. Mrs. Reuther escaped injury.

At the hospital Reuther said he believed that a Communist, a crack pot or an insane person had fired the shot.

YOUNG MEN URGED TO ENLIST IN GUARD

Lloyd Albertson, publicity director for the National Guard unit here, has just mailed a letter to all young men who will be affected by the draft bill, aged 18 to 24. Young men who enlist are exempt from the draft. Here in part is the letter just mailed:

Do you know that young men who join the National Guard will be exempt from both the proposed draft and Universal Military Training?

Major General K. L. Berry, the Adjutant General of Texas, announced this recently in a statement. He said in part:

"Without elaboration let me quickly name four reasons why men 17 to 35 should speedily join the National Guard:

1. Members of the National Guard will be exempt from registration and service under Selective Service, according to the proposed law.

2. Members of the National Guard will be exempt from service (not registration) under Universal Military Training, as the law is now written".

Longevity and retirement benefits were the two other reasons he mentioned. In a subsequent statement he makes it clear that a man must have enlisted in the National Guard before the draft and UMT laws are enacted in order to be exempt.

Here are some other advantages:

A young man in the National Guard trains in his own home community with friends or acquaintances—not in some distant camp among strangers. The drill period is for only 2 hours one night each week—so it doesn't interfere with a daytime job or school atetndence. The pay is from $2.50 to $5.50 for each drill period, depending on rank. There are many opportunities for promotion and to attend the Regular Army's various technical schools, OSC and West Point.

Raska Oil Company Opens Agency For Phillips 66 Here

Raska Oil Company is Cameron and Milam County's newest business.

Louis J. Raska has opened a new service station in west Cameron on the Buckholts-Temple Highway and has announced agency for Phillips 66 oils and gasoline. Mr. Raska not only has established a new service station but is agent for Phillips and as such will wholesale tractor gas, tractor oils and kerosene and other Phillips products.

Mr. Raska, born and reared at Buckholts, has been a resident of Cameron for a number of years. He has been associated with the oil business for a long time and is an experienced man in this industry.

Phillips 66 products are popular with Texans and no stranger to the people here. Mr. Raska makes formal announcement of his agency in this issue of The Herald.

COUNTY AUDITOR MAKES FINANCIAL REPORT

Conn R. Isaacs, county auditor, has made his annual report.

The report is made to Judge John Watson, District Judge, to Judge Dan Tyson, County Judge and to the members of the Commissioner Court.

The report reflects one of the best financial statements in the entire state. The Herald hopes to bring this essential information to the people of this county in another series of comments.

Mr. Isaacs has done a splendid job in the Auditor's Office. Despite a number of drawbacks, notably the lack of a Unit System or a comparable system of working out expenditures, the county has achieved wonders in reducing the debt and although the Road and Bridge Fund is overdrawn, rising costs may be the logical explanation.

It was estimated by this newspaper that the bonded debt of the county may be less than $150,000 distributed through a number of road districts with the State Aid feature of the Bond Assumption law retiring the obligations to a considerable extent.

Prospective new revenue out of the gasoline tax makes the picture brighter as the new year begins. Tax rates in the road districts have been greatly reduced with the aid of state funds.

Perhaps no county in Texas has a greater prospect for bonded debt on a needed road program than does Milam.

If the Proposed Constitutional Amend to allocate the state advalorem tax back to counties is passed by the voters this fall the county will get additional revenues. The county is already realizing on the gasoline tax out of the road assumption bond legislation.

COUNTY LEADERS WILL SEEK IMPROVEMENTS

Milam County Good Roads Association was organized Friday night at Minerva.

W. P. Hogan, President of the Young Men's Business League of Rockdale, was elected President.

Norman Clement, Thorndale Banker and civic leader, was elected Secretary of the Association.

A five member Board of Directors was named as follows: E. A. Perrin of Cameron; Cecil Criswell of Buckholts; Bartle Crennan of Burlington; Lon Peeples of Milano and Joe Moore of Gause.

The Board of Directors were suggested by a committee composed of Dr. T. S. Barkley of Rockdale, Oxsheer Smith of Cameron, Julius Janicek of Marak, Nelson Davis of Sharp and Cecil Criswell of Buckholts.

The Board of Directors were empowered to name a First Vice President and other Vice Presidents as they deem necessary to round out a complete and representative organization to embrace the entire county.

Stanley Swift volunteered to issue invitations for the meeting which followed a barbecue at the Sub-Station property of the Texas Power & Light Company with Henry Siebman, District Manager, as gracious host.

Organization of the Association was the logical outcome of a gathering of community leaders whose en-

COUNTY LEADERS—

thusiasm seems to spring from unity of thought and purpose; that roads are the prime need of the county and unless the crises is faced and solved millions in property values will be lost.

The feature of the program for the meeting was an address by Judge D. Y. McDaniel, county judge of McLennan county. He spoke on the County Unit System which has worked so well and efficiently in his home county.

The address was replete with information on this system and because it provides for unification of finances even in road building and manitenance out of county income, it has resulted in revolutionary progress in counties that have tried it.

The Unit System, said Judge McDaniel, is simple, just a plain business method for the county's business. A county engineer becomes the budgeting officer for the county and roads are built and maintained based upon experience.

Adopting the unit system is done (turn to page eight)

Freedom IS EVERYBODY'S JOB!

Here is an alarming fact; the freedom we now enjoy is threatened.

Subversive influences are at work in our land; perhaps closer to home than we realize. They are working hard to destroy our cherished heritage.

But it is not too late. We still have time to clean house . . . to stop the undermining forces of un-American isms.

WHAT YOU CAN DO

- Remind your friends that we must be as wide-awake as our enemies.
- Vote and urge your neighbors to vote.
- Offer your time and ideas to public service.
- Speak your mind freely.

TROOPS ASSIGNED TO INSURE FREE BALLOT

ROME, April 17—A third of a million armed, steel-helmeted guards took up a round-the-clock vigil tonight to keep the peace through the Italian parliamentary election which begins Sunday.

Guards gave particular attention to possible trouble spots such as Milan's turbulent Piazza Duomo and Rome's crowded Piazza Colonna.

Police swept wide areas near Rome, Naples and other large cities in a continuation of their systematic search for hidden arms and ammunition. Premier Alcide De Gasperi's alerted government was taking no chances with the communists. There have been repeated rumors that the communists would attempt some last-minute move, especially in the leftist north.

The election, the most important in Europe since the beginning of the cold war between the east and the west, is being fought out on the issue of communism. It is expected to decide whether Italy will remain in the western community of nations or gravitate toward the communist states in the Russian sphere.

The campaign ended tonight at midnight (6 p. m. eastern standard time). Italy was tense and tired but there were no major disorders today.

Rain dampened 50 outdoor political gatherings in Rome and lessened the danger of fresh sparks of violence. Special police precautions were taken, however, at 11 scheduled meetings of the profascist Italian social movement (MSI). Communists and MSI followers have battled in Rome, Milan and Florence during the past stormy week.

Italy will have a 12-hour cooling off period preceding the trek to the polls, which open at 8 a. m. Sunday. The voting will continue until 2 p. m. Monday. It is estimated that 26,080,000 Italians will participate in the balloting—the greatest turnout of voters in the country's history.

Orvin Eixman Enlists In Guard Unit Here

Orvin Eixman enlisted this week in Cameron's National Guard unit, Battery C, 239th Field Artillery Battalion, Captain Michalka announced.

Eixman is a non-veteran, a farmer and tractor operator. He was sworn in during the battery's drill period last Tuesday evening at the armory.

Capt. Michalka stated that he has received a number of inquiries from young men about the National Guard since President Truman asked Congress to enact draft and UMT legislation. He said he would like to point out again that young men of draft age who join the National Guard will be exempt from both the draft and UMT, provided they enlist before these laws are passed by Congress.

Security Returns Do Not Go To SS Office; To Revenue Collector

It's time for employers to file their quarterly social security tax returns again—but the Social Security Administration doesn't want your money! David S. Pruitt, manager of the Austin social security office, says that his office again is receiving a number of tax returns, with money enclosed, which should have been sent instead to the Collector of Internal Revenue.

When mailed, the quarterly social security tax returns should be sent to the Collector of Internal Revenue, Austin, Texas.

When sent by error to the social security office, returns are delayed in reaching internal Revenue Pruitt explained.

He reminded employers who have not yet completed the return for the quarter ending March 31, 1948, that they should exercise care in reporting the complete name and exact social security account number of each employee who worked, for no matter how short a period, during January, February, and March. The return must be filed not later than April 30.

AIR POWER ALONE NOT ENOUGH FOR NEW WAR

General Omar N. Bradley, chief of staff told Congress Thursday that the nation needs 1,808,000 men under arms at once because air power are alone is not enough to give the country adaquate defense.

General Bradley told the Congress also that Universal Military Training is necessary. He sounded a grim warning against too much confidence in air power.

Later in the day the Senate committee was to hear another scientist talk about how much Russia knows of the atomic bomb.

The war was shaping up fast. Russia threw up road blocks out of Vienna in Austria to keep Americans from reaching their own air base.

IT'S A BIG JOB THESE DAYS

One of the first things a new telephone operator learns is to be always ready for the next call—your call—anybody's call!

Operators have a lot of calls to handle nowadays. There are more telephones in use than ever before and calling is at an all-time high. The switchboard at times is literally ablaze with lights—each one calling for "Number, please?" and each one *getting* a "Number, please?" as quickly as skilled and courteous operators can manage. If your call is not answered at once, you'll know that nimble fingers will reach it as soon as they possibly can.

As soon as much-needed new equipment can be obtained and installed, we'll be ready to handle your calls quicker and better than ever before.

College Veterans Want Bonus; They Take Governor To Task and Snub Communist From University of Texas; 25 Colleges Represented

AUSTIN, April 17—College veterans criticized Governor Beauford H. Jester today on his bonus stand. They also rebuffed a Communist offer to help support their drive for a State bonus.

Representatives of 25 colleges, Junior colleges and universities met in the House of Representatives at the State Capitol and reported:

1. Ninety per cent or more of their veteran enrollments favor a State bonus.
2. They want a natural resources tax, particularly on resources exported to other States, to provide the revenue for payment of bonuses.
3. They definitely do not think it is "un-Texan" to want a bonus.

Jester said several months ago he considered it "un-Texan" for veterans to expect a State bonus.

One speaker after another took the floor today to report veterans at their schools strongly in favor of a bonus. Most of them took a crack at Jester's remark without mentioning the Governor by name.

Sand Glenn White of San Angelo Junior College:

"I reckon we've got about the most un-Texan school in the State. We're 100 per cent for a bonus."

The meeting produced what probably was the first speech of an avowed Communist from the floor of the chamber of the Texas House of Representatives.

Wendell Addington of Lubbock, University of Texas economist student, who calls himself secretary of the Communist Party of Austin, was introduced by Pat Maloney, presiding chairman.

"I have been asked by the youth committee of the Communist Party to speak in favor of a bonus," he told approximately 75 college students who listened quietly and attentively.

Addington, a veteran, advocated a $500 to $700 cash bonus to be paid immediately. He suggested revenue for the bonus be raised by a natural resources tax or a corporation income tax.

"It is unfortunate we don't have Negro colleges represented here today as they face a more trying financial situation than any other group," Addington commented.

Bob Polson of Harlingen, a Texas A. and M. College student, quickly slapped down the attempt of the Communist Party to join the student veterans' campaign for a bonus.

"I feel that if Addington's remarks are carried in the press without any repudiation on our part it will alienate some good, strong, honest support for our side," Polson said.

"I make a motion that we do not want and do not encourage Communist support."

The motion was approved unanimously.

Addington snapped shut a thickly filled brief case and departed a few minutes later.

Georgia Governor Is Certain Ku Klux Beat Up War Veteran

ATLANTA, April 17 — Savage beating of a young war veteran with a leather lash brought charges by Georgia's Governor today that the Ku Glux Klan is setting out on a systematic terror campaign.

Governor M. E. Thompson said the Klan, through a new adjunct called "the Black Raiders," has planned a series of floggings and lashings of private citizens in Atlanta, La Grange and "other places".

He ordered the Georgia Bureau of investigation and police officers throughout the State on a special alert.

Solicitor General Paul Webb, meanwhile, said he already had linked the Atlanta flogging with the brutal whipping of a Negro man and woman in LaGrange, in South Georgia, several weeks ago.

Joe Berry, 23-year-old unemployed construction worker, was found bent against a tree here Thursday night, partially disrobed, bleeding from a mass of welts across the back. Nearby, officers found cards bearing the words "Black Raiders," a black mask, a pistol and a two-foot heavy leather strap.

Five men have been arrested and charged with assault with intent to murder.

ONLY 3 VOTES CAST AGAINST HUGH FUND

WASHINGTON, April 15 — The House overrode the objections of President Truman and his top defense advisers today and passed a $3,198,000,000 appropriation to start building a 70-group Air Force at once.

The measure was whipped through by a roll-call vote of 343 to 3 and sent to a receptive Senate barely two hours after the President told his press conference he was opposed to it.

Voting against it were Representatives Vito Marcantonio, American Labor Party of New York, Leo Isacson, American Labor Party of New York, and Adam Clayton Powell, Democrat of New York.

Mr. Truman said he supported the program submitted to Congress by Defense Secretary James Forrestal, who proposed using this money to build the present 55-group Air Force up to full strength now, leaving the 70-group expansion to a later date.

The President said that was a well-balanced and economic security program and the one he wanted Congress to pass.

Reward Fund Grows On Fish Killers

The reward fund to catch and punish men who poison streams to kill fish was growing here. J. Y. Houston was the latest one to add $5.00 to the reward money.

Mr. Houston said he believed something should be done to emphasize that the citizens want the law enforced and to stop this illegal method of catching fish.

Recent law violations has brought forth a protest from many. Three have been charged with poisoning fish in Elm Creek and one man paid his fine.

It was advised that warning should be issued that it is unlawful to kill Beaver and the small colony now in Lilttle River must be protected.

CONVENTION PLANS ARE BEING MADE

The 23rd Semi-Annual Convention of Central Texas Firemen will meet in Cameron on May 2nd.

John C. Andres, secretary of the Cameron Volunteer Fire Department, was making arrangements for a considerable portion of the details and Fire Chief Ralph Michalka, was actice also in arrangements.

The program will get under way at 9:30 a. m. on Sunday, May 2nd. Registration headquarters will be set up at Cameron's little fire station, the city having no proper quarters for their firemen, nor any municipal building to entertain visitors, or provide facilities for conventions.

There will be a business session of the convention at 10:30 a. m. place yet to be announced.

Pumper races will be held at 2 p. m. on the Court House square with three prizes as follows: First prize $75; second prize $50 and third prize $25.

It was said that some 600 visitors will be in the city.

A barbecue and entertainment program will be held in the afternoon and evening at National Hall.

PART OF FARM-MARKET ROAD TO SHARP-TRACY

Construction work was due to begin soon on a new bridge over the San Gabriel River between Rockdale and Tracy it was made known here Friday by Judge Dan Tyson who had received a letter from the State Highway Department.

The bridge to span the river is part of the Farm-to-Market Road No. 487 between Rockdale and Tracy. Steel from the dismantled bridge over Little River will be used on this bridge.

State Highway Engineer J. E. Blair of Bryan, has been instructed to inaugurate this work at once. The road is one of the most important yet conceived for a vast section of the county and the news was received in Cameron with great pleasure.

The estimated cost of the bridge will be $39,000. The cost of the complete road will run around $148,000.

The answer is YES?

Build Roads?
Advertise?
Make Progress?

There are two kinds of roads: One leads to the farm, to town, to cities. The other one is the "cross roads." One can be traveled and the other can't. Should we build roads we can travel?

There is no substitute for newspaper advertising. People buy based on advertising. Want customers—increased business?

Gone is the hitching rack and such lines as "dealer in general merchandise." Somebody built a better trap. They advertised, they made Progress. Roads, advertising and progress are one and the same.

The Answer is

YES

FRANK HALEY—

(continued from page one)

teachers are to be paid and our school system rescued.

In paragraph eight we get to the subject that is paramount in the minds of all of us. Farm to Market Roads and Rural Road aid. Mr. Lehman tells us of a bill that would have provided 15 million dollars for roads but which was not passed by the Senate. He omits saying anything about the cause of rural road neglect and the failure of the Farm to Market road program. Again I wish to go back a few months and quote the facts and the record. When Joint House Resolution No. 49 was passed by the House of Representatives and finally submitted to the people, Mr. Lehman voted for its passage. This legislation was known as the Cement Trust and Contractor's bill and a rich plum it was. The effect of this amendment was to freeze the highway funds and with it every cent of the 4c gasoline tax from which we derive so much of our road revenue. As a result the Highway Department is no longer responsible to the legislature. Is it strange then we cannot get any of the millions piling up to be used in the big counties? While this legislation was in process in the legislature an amendment that would have set aside 50 per cent of the tax for rural and Farm to Market Roads was defeated. How did Mr. Lehman vote on this? How could anyone from a district that needs farm to market roads as bad as we do VOTE for the contractors, steelmen and cement manufacturers as against the people who have kept him in this office for more than 12 years? Now we know just what they were putting over on us in that election. It will be a huge job indeed to repeal this amendment. The same lobby and the same money will be there to fight against its repeal as was there to fight for its adoption.

In paragraph 10 regarding veterans I will say that I have stated openly that I will support the best legislation offered proposing a bonus for our war heroes. Will Mr. Lehman say as much?

In paragraph 12 we find our great state was in debt ten million dollars when Mr. Lehman first took office and now we have the staggering sum of 50 million dollars cash on hand. Of course we have no roads and we must borrow money to pay our school teachers for the remainder of the term and we are not paying our old people what we owe them. But we do have 50 million dollars. Think this over. It is too deep for me,

And last but not least we get into the old thing of redistricting. In Mr. Lehman's preliminary announcement, he admitted that this was the last time for the 65th district as now constituted. In his formal announcement he makes no reference to it whatever. Is he backtracking this early in the campaign or has he come to realize that we the masses of the people of the 65th District want to keep our representation in the event someday we have the kind of representative we are entitled to in the legislature? Under the terms of an amendment adopted in 1946 if the Legislature whose duty it is under the constitution to redistrict the state every 10 years, does not do its duty, a board is to be set up by the Governor to redistrict the state. What chance will we have. The next legislature will be faced with this duty. I have already stated my position. I favor retaining the district as it is and everything in it. Redistriction means doing away with your court so far as your county is concerned. This is so important that I cannot permit this omission by Mr. Lehman to go unassailed. As your representative in the next session I will have an opportunity to fix your district like you want it. This is serious business ahead.

I ask all of the people to think carefully before you act. Let us have a representative who will act for the masses and not for the special few.

FRANK M. HALEY,
Candidate for Representative
65th Flotorial District.

Yoemen Beat Garland 6 to 0 To Make It Six In a Row

A combination of good pitching by M. Garza and timely hitting by Billy Hanes, gave the Yoemen a 9 to 0 win over Garland Friday .

Coach McLerran who is shaping up one of the best high school baseball teams in central Texas, was unable to go to Garland with the team.

It was the 6th straight victory for Cameron. Garcia gave up 3 hits and struck out 11 men.

Billy Hanes drove in four runs two in the second and two in the 5th with a clean double.

The Yoemen go to Rosebud next Tuesday to play a district game at 2:30.

BELTON IS BESTED BY 12 TO 2 WEDNESDAY

Yoemen got away to a good start here Wednesday afternoon taking the opening game of the District by defeating Belton 12 to 2 behind the good pitching of Bob Wilkerson.

Dick Hayes pitched for Belton gave up 11 hits and Wilkerson allowed 5. The game was scoreless until the 5th inning when Cameron's big bats got into operation and the Yoemen scored 8 runs. In the 6th Belton scored 2. Wilkerson struck out 8 men and Hayes 3. Amil Pfrrdrescher got 2 hits out of 4 trips to the plate and Hayes for Belton got 2 out of 4. Wilkerson and John Matula for Cameron hit 2 out of 3 and so did Northam for Belton.

The Yoemen will resume their district schedule here next Tuesday against Rosebud at 2:30 in the afternoon.

Johnson grass is two feet high in front of the AAA office. A small hackberry tree is growing in front of the Herald plant. Widespread damage to goods in stores will result from dust blowing in from the streets and a fellow said he could set out tomato plants in the caked up dirt on top of a light meter. It cost the tax payers $8500 (borrowed money) to make this dust. We are about to enter the era of the Wooden Indian.

Nicholson, and Mrs. Maude Nicholson Holloway and husband, F. E. Holloway, and the unknown heirs of Edna Nicholson McClain, deceased.

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of May, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Milam County, at the Court House in Cameron, Texas.

Said plaintiff's petition was filed on the 5th day of February, 1948.

The file number of said suit being No. 12938.

The names of the parties in said suit are:

George W. Dean, Jr., Willard Dean, and T. J. Dean as Plaintiffs, and Mrs. Alpha Dean Prestidge and husband, Clyde Prestidge; Frank Dean; Tanner Dean; Floyd Dean; Boyd Dean; Mrs. Charry Curbello; Mrs. E. M. Rogers and the other heirs of Martin Holt, deceased, whose names and residences are unknown; The unknown heirs of Edna Nicholson McClain, deceased; Sidney A. Nicholson; The unknown heirs of Nancy Nicholson Yarrington, deceased; E. M. Nicholson; Mrs. Maude Nicholson Holloway and husband, F. E. Holloway, as Defendants.

The nature of said suit substantially as follows, to-wit: Suit for partition of a tract of 106 1-20 acres of land out of the B. R. Thompson headright in Milam County, Texas, and being the same land particularly described in deed from J. W. Winn, Administrator, to George W. Dean, dated November 21, 1883, and recorded in Vol. 9 page 489, Deed Records of said County.

The respective interests of the above cited defendants in said land are as follows:

Sidney A. Holt, and the other heirs of William Holt, deceased, who are unknown, own jointly and undivided 3-80 therein.

Mrs. E. M. Rogers, and the other heirs of Martin Holt, deceased, who are unknown, own jointly an undivided 3-80 therein.

The unknown heirs of M. H. Nicholson, deceased, own an undivided 3-2160 therein.

The unknown heirs of Nancy Nicholson Yarrington, deceased, own an undivided 3-720 therein.

The unknown heirs of Edna Nicholson McClain, deceased, own an undivided 3-3600 therein.

Mrs. Alpha Dean Prestidge owns an undivided 13-420 therein.

Bernice N. Dietrich, W. E. Nicholson, Mae Nicholson Manry and R. W. Nicholson, each owns an undivided 3-3600 therein.

G. H. Nicholson owns an undivided 3-720 therein.

Ethel Nicholson Delaney owns an undivided 3-2160 therein.

Marilla Nicholson, J. A. Nicholson, E. M. Nicholson, and Mrs. Maude Nicholson Holloway, each owns an undivided 3-720 therein.

The defendants, Clyde Prestidge, Henry E. Dietrich, Vinson T. Manry, John M. Delaney and F. E. Holloway, own no interest therein, but are joined pro-forma.

Plaintiffs allege that said tract of land is not susceptible of partition in kind and prays for the appointment of a receiver to sell said land and for distribution of the proceeds of such sale among the respective owners; for the appointment of an attorney ad litem to represent the interests of the parties herein cited, and for such other and further relief as plaintiffs may be entitled to.

Issued this the 8th day of April, 1948.

Given under my hand and seal of said Court, at office in Texas, this the 8th day of April A. D., 1948.

Thorndale Men Badly Injured In Car and Bus Crash Friday

(Rockdale Reporter)

Two Thorndale men, Emory Gunn and Buck Rutherford, were injured shortly after midnight Friday night when their car collided with a Bowen bus at the intersection of Scarbrough street with Cameron street (Highway 79) in Rockdale.

The accident occured at 12:30 a. m. as the car, owned by Gunn and driven by Rutherford, entered the highway from Scarbrough street.

Gunn is in a Cameron hospital suffering a broken neck. No information would be given out at the St. Edwards hospital this morning, when this newspaper telephoned, other than that he had a fair night last night.

Rutherford, who suffered a broken collarbone, is in McCloskey hospital at Temple.

The car was badly wrecked.

Mr. and Mrs. Monroe Smith of Houston spent the week end in Cameron where they visited his mother, Mrs. Gene Smith, and in the home of her sister and family, Mr. and Mrs. John A. Smith, Jr.

Marak Children Are Featuring Exhibits; The Public Invited

School Children at Marak and the Catholic Sisters have on display a number of exceptionally fine creations and these exhibits range from FHA Boys work to Manual Training and Home Clubs.

Father Ben Molub of Marak was in Cameron Friday. He said the exhibits may be seen beginning Sunday, April 18 and will remain on display through Sunday, April 25.

The public is invited to see what the Sisters and the children have been able to accomplish at this fine school of some 40 students.

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a friendly glass of beer. The missus agrees to give up back-seat driving and nagging Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

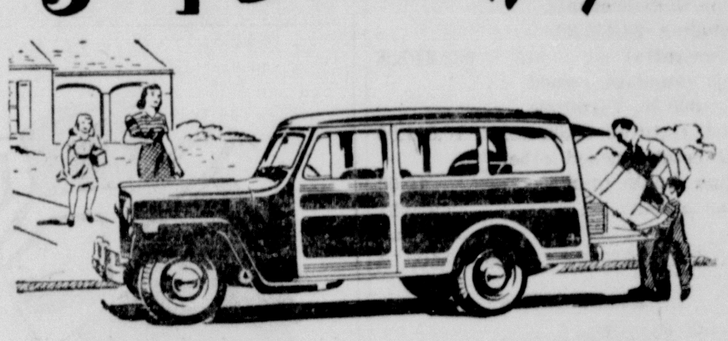
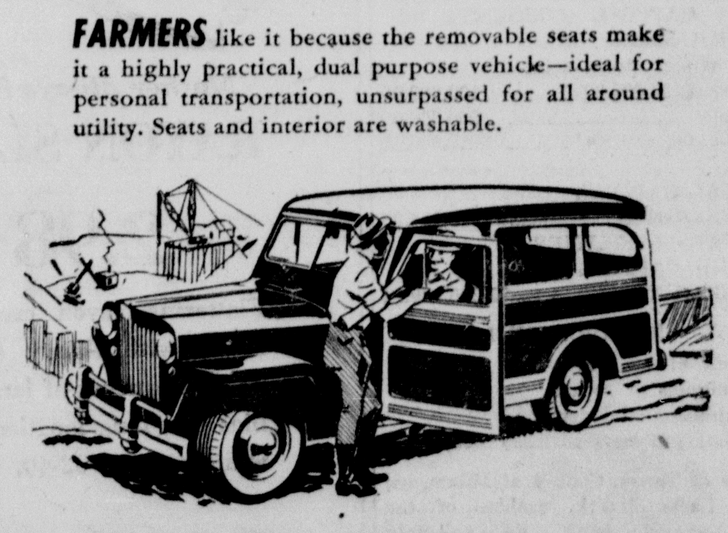
Everybody Likes the 'Jeep' *Station Wagon*



THE FAMILY like it because of its economy of operation, its comfort and distinctive styling—plus the roominess of its all-steel body. It carries six and still has space left over for parcels and luggage.

FARMERS like it because the removable seats make it a highly practical, dual purpose vehicle—ideal for personal transportation, unsurpassed for all around utility. Seats and interior are washable.



BUSINESS MEN like the "Jeep" Station Wagon because it is not only an efficient and economical courtesy car but is also ideal for many other uses, including light hauling and delivery service.

by a vote of the people of the county. The Commissioners Court can submit the matter of its adoption or an election can be forced by petition.

It was regarded as especially important to institute an engineer system of budgeting if the people should authorize a million dollars in road bonds to take the farms of the county out of the mud and insure traffic from farms to market and provide all weather routes for school buses.

Mr. Swift introduced a number of guests, among them Senator Kyle Vick of Waco; Representative Henry G. Lehman of Giddings, Representative A. N. Green of Cameron; J. E. Blair, District Highway Engineer, Judge Dan Tyson, county judge and the following Commissioners: W. W. Markham, C. S. Raney, Byron Neal and T. F. Locklin.

Mr. Blair the District Engineer, one of the most highly esteemed such officials in the Texas Highway System, was given a generous round of applause for his pledge of cooperation in any program to improve farm to market roads in Milam county. Mr. Blair gave a stern picture of the high costs of road building but said that something should be done to improve road conditions.

Mr. and Mrs. F. E. Jackson, Jr. and daughters, Frances Marie and Josey have returned from a three months stay at Edinburg in the valley.

Baptist End Study Course With Banquet Here Friday Night

A banquet was held at the First Baptist church Friday night to mark the close of the annual study course of the Sunday school, with Rev. Grady W. Metcalf of Temple speaking on "What Are You Worth to Your Church?"

J. R. Young was toastmaster, and C. L. Canady gave the invocation. Mrs. J. H. Angell was chairman of arrangements for the banquet. On the serving committee were Mrs. Wells Smith, Mrs. Drayton McLane, Miss Winnie Henderson, Mrs. John Springer, and Mrs. Ida Johns.

On the decoration committee were Miss Mable Jeter, Miss Mary Burns, and Mrs. Ida Jones.

Special recognition was given those who had taught classes during the course: A. D. Walters, Mrs. L. B. Burkett, C. L. Canady and Mrs. Leona G. White. Mrs. H. G. Chamberlain was secretary and Miss Aleene Griswold assisted in the promotion.

Mrs. A. D. Walters played a violin solo, "My Jesus, I Love Thee" with Miss Aleene Griswold at the piano, and Mr. Walters sang "No One Ever Cared for Me Like Jesus."

Out of town guests were Rev. Metcalf, Mr. and Mrs. Walters, Mrs. Burkett, and Mrs. Ernest Williams, all of Temple.

Mr. and Mrs. Thompson Kemp are expected to arrive this week for a few days visit with his mother, Mrs. Jeff T. Kemp.
